

# Assalaamu Alaykum wa rahmatullaahi wa barakaatuhu

Our Islamic theme for this month is **Kindness to Animals**.

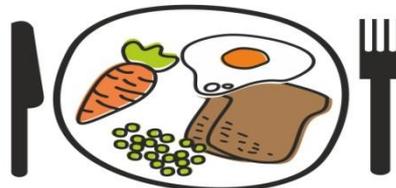

Carpet time discussions:

- **Winter & Animals:** We are talking about different kinds of animals and their ways of living. We learnt that some animals, such as squirrels and bears, hibernate; they go to sleep for a long time and wake up after winter.
- **Kindness to Animals:** Rasul'Allaah taught us to be kind towards mankind but also to all living creatures, whether they are owned or not. Whenever the Prophet ﷺ saw any animal that was over-burdened or under-fed he would approach the owner and say, 'Fear Allaah in your ill treatment of animals.' He would remind the owner of the rights of that animal and the displeasure of the Creator towards those who do not show mercy to others.

We have introduced the dua before eating :

What do I pray before Eating?

بِسْمِ اللَّهِ وَبَرَكَاتِهِ

Transliteration: Bismillāhi wabarakatillāh.

Translation: (I am eating) In the name of Allah (SWT) and with the blessings of Allah (SWT).

Please continue our work at home.

JazaakAllaahu Khayran.
